47 Greenbelters Awarded Degrees by Univ. of Md.

Candidates for degrees at the University of Maryland commencement exercises on June 4 included the following students from Greenbelt:

James P. Corcoran, BA - Arts and Sciences; Michael P. DuMontceau, BA - Arts and Sciences; David L. Goldfaden, BA - Arts and Sciences; Jacqueline S. Hufendick, BA - Arts and Sciences; Clifford Schein, BA - Arts and Sciences; Penelope A. Shields, BA - Arts and Sciences; Susan L. Shinderman, BA - Arts and Sciences; Charles Graham, BS - Arts and Sciences; John P. McCarthy, BS - Arts and Sciences; Louisa D. Scott, BA - Education; Robert A. McDonald, BS - Arts and Sciences; Kenneth A. Pittman, Ph.D. - Chemistry; Richard X. Chase, Ph.D. - Economics; George F. Viereck, BS - Physical Education, Recreation and Health; Diana J. Richards, BS - Physical Education, Recreation and Health; Imogene Haber, BS - Physical Education, Recreation and Health; Phoebe Hovermale Smith, BS - Home Economics; Howard S. Wheatly, BS - Electrical Engineering; Robert W. Sullivan, Jr., BS - Chemical Engineering; Michael C. Patrick, BS - Electrical Engineering; Ronald L. Benoit, BS - Electrical Engineering; Roy P. Collins, Master of Science - Mechanical Engineering; Garrett R. Hyde, Master of Science - Physics; Hugh B. Lupien, Master of Science - Mechanical Engineering; Walter G. Mann, Jr., Master of Science - Psychology; Stephen L. Janofsky, BS - Business and Public Administration; Michael F. Lombardy, BS - Business and Public Administration; Janet K. Klink, BS - Education; Sally S. Levine, BS - Education; Barbara Kruly Loffler, BS - Education; Patricia R. Serber, BS - Education; June E. Sturm, BS - Education; Janet Kandel Penn, BA - Education; Linda J. Suskin, Master of Art - Speech and Hearing; Robert A. Love, Master of Art - Science Education; Robert F. Leahy, Master of Art; James B. Mathews, Ph.D. - Psychology; Dorn K. Brasfield, BS - Business and Public Administration; Bernard A. Calure, BS - Business and Public Administration; Robert C. Mister, BS - Business and Public Administration; William G. Harris, BS - Agriculture; Marlene H. Anderson, BA - Education; Ann White Albus, BA - Education; Dixie Merryman, BA - Education; Sue B. Goodrich, BS - Nursing; Winifred W. Notes, BS - Nursing; B. Patricia Parish Dyson, LLB-School of Law.

New Democratic Club In Springhill Lake

On June 6 at 8:30 p.m. a group of interested Democrats, residents of Springhill Lake Apartments, met and formed the Springhill Lake Democratic Club. The club, which represents the 8th precinct of the 21st district, will attempt to enter into a dialogue with the Greenbelt Democratic Club in order to further their mutual interests and those of the Democratic Party in the area. The newly formed club was addressed by Gerald Devlin, Chairman of the Board of Election Supervisors of Prince Georges County, and was welcomed by Dr. Arthur Dorman, Vice-Chairman of the Prince Georges Delegation to the Maryland General Assembly.

The next public meeting, a "Candidates Night," is scheduled for July 27 at the Springhill Lake Community House and will be co-sponsored by the Greenbelt Democratic Club.

Summer Playground At North End School

Monday, June 27, is opening day for the ninety playgrounds to be conducted by the Prince Georges County Recreation Department this summer. Playgrounds, which will be open Mondays through Fridays, June 27 to August 12, offer a wide variety of activities for school age youngsters, including crafts, quiet and active games, softball for both boys and girls in five age divisions, T-ball, story telling, dramatics, music, nature and weekly special events. In Greenbelt, a playground will be held at the North End School. It will be open from 9 a.m. until 5 p.m.

This summer, for the first time, an eight-week day camp for retarded children will be conducted by the Recreation Department and the Prince Georges Association for Retarded Children, in cooperation with the Kennedy Foundation, at Bradbury Park Recreation Center. In addition, two playgrounds will meet the needs of retarded children.

For pre-school age children (3 to 6) the Recreation Department will operate the Carole Highlands Play-school Program at the Carole Highlands Elementary School in Takoma Park from 9:30 to 11:30 a.m. Registration will be held on Monday, June 20. The school term will be from July 5 to August 12. A fee will be charged. For further information call Mrs. Eleanor Cox, 439-1891, or Mrs. Marilyn Lindahl, 434-0623.

July 17 Registration For Summer School

An additional day of registration for the elementary school summer program will be held on Thursday, July 7, from 9 a.m. to 3 p.m., at Greenbelt Center School for those wishing to participate in the summer program.

The registration will continue to be on a first-come basis. A registration fee of \$2.00 per class is payable at the time of registration.

The elementary school summer program lasts four weeks and is scheduled from July 11 through August 5 for pupils in grades three through six. A program is also being offered for children who are entering school in September 1966 and who have not had kindergarten experience.

College Summer Session

High school seniors who will be graduating this June can obtain an early start on their college degrees by attending Prince Georges Community College Summer Session, June 20-July 29. The summer session offers a preview of college life, and students who accelerate their college programs can add flexibility to their programs during the fall and spring semesters. Classes will be held in air-conditioned classrooms Monday through Friday evenings, to enable students to work during the day and attend classes in the evenings.

Registration will be held 6 to 9 p.m. on June 17 in the cafeteria. Late registration will be held 5 to 8:30 p.m. on June 20-21 in Room 114 of the college.

Courses include: anthropology, art, biology, business law, business, chemistry, economics, English, geography, history, mathematics, philosophy, political science, psychology, sociology, Spanish, and speech.

For further information, write or phone the director of the summer session, Prince Georges Community College, 5000 Silver Hill Road, Suitland, Maryland, 20028. Phone 735-4400 (area code 301).

WHAT GOES ON

Thursday, June 9, 8 p.m. GHI Meeting, Hamilton Place

Friday, June 10, 8 p.m. Council Meeting (Budget), Municipal Bldg.

8:30 p.m. Duplicate Bridge, Hospitality Room

Saturday, June 11, 10 a.m. VFW Lite-A-Bike Program, Center

10 a.m. Bake Sale, Center

10 a.m. Swim Team Registration, Pool

Sunday, June 12, 2 p.m. G.C.S. Election and Bar-B-Q, Youth Center

Tuesday, June 14, 7 p.m. Film, Center School

Swimming Instruction For The Handicapped

The Easter Seal Treatment Center is offering free swimming instruction for orthopedically handicapped children in the Belair pool from July 5 to July 29. A new concurrent program will also be offered this year for blind children who would like to receive swimming instruction.

Parents who wish to have their children participate should contact the Easter Seal Center, 9422 Annapolis Road, Lanham; phone 577-7222 for application forms.

AGENDA

REGULAR MEETING OF CITY COUNCIL

Monday, June 13, 1966

I ORGANIZATION

- 1 Call to order
- 2 Roll Call
- 3 Lord's Prayer
- Pledge of Allegiance to Flag
- 4 Minutes of Regular Meeting 5/16/66, Special Meeting 5/23/66, Public Hearing on Budget 6/1/66, Special Meetings of 6/8/66 and 6/10/66
- 5 Additions to Agenda by Councilmen and Manager

II COMMUNICATIONS

- 6 Bid Opening - Construction Greenhill-Hillside Rd. and Ridge Road
- 7 Petitions and Requests
- 8 Administrative Reports
- 9 Committee Reports

III OLD BUSINESS

- 10 Resolution to amend Section 40-45 (1953 Code, Sec. 763) of City Charter Title "City Solicitor" to Provide Maintaining of Office in the State of Maryland and to delete Provision that the City Solicitor shall Prosecute all Offenses - 2nd read.
- 11 Resolution to amend Section 40-60 (1953 Code, Sec. 778) of City Charter Title "Audit" to Provide for an Independent Audit each Fiscal Year - 2nd reading
- 12 Apointments to: Recreation Advisory Board - Greenbelt Foundation - Community Relation Advisory Board - Advisory Planning Board
- 13 Poz-o-Pac Street Construction Standards
- 14 Open Space Land Acquisition
- 15 Covenants and Agreements - Charlestowne Village
- 16 Concession Stands at Lake

IV NEW BUSINESS

- 17 Resolution to Acquire Land
- 18 Swimming Pool Pass Rates
- 19 Request for Permission for Carnival
- 20 Addition to Fire Station
- 21 Approval of Bills - Special Public Building Construction Fund - Swimming Pool Construction Fund

LATE BULLETIN

Plans are going forward to construct 500 garden-type apartment units on the 25 acre Charlestowne Village tract that was sold to Twentieth Century Investments Inc. Principal owner of the corporation is Theodore Lerner. According to an official of the corporation, construction should begin in two or three weeks. This land (located next to the Nursing Home, and behind the National Guard Armory and the 6-14 Courts of Ridge) is a subject of the city suit against Charles S. Bresler for violation of the 1962 covenants, which restrict density of development on the entire 50-acre tract to 7 units per acre.

Bresler, still owner of the other 25 acres, has already constructed 144 townhouse units with more planned, and work has begun on an 8-story, 179-unit high-rise apartment. Thus, the total number of units on the 50 acres will be greatly in excess of the 350 units permitted by the covenants.

Charles Bresler to Run For State Comptroller

According to the *Evening Star*, Del. Charles S. Bresler, R-Montgomery, will announce his candidacy for Maryland State Comptroller on the Republican ticket this Saturday, June 11.

Bresler, a real estate developer and builder, owns most of the remaining vacant land in Greenbelt. He developed the Plaza Apartments, Lakecrest Homes and Charlestowne Village, and was the original developer of Boxwood Village.

Bresler is currently faced with a series of legal actions instituted by the City of Greenbelt. A bill of

New Town House Zoning

A new zoning ordinance to permit development of the town house type for tracts larger than 25 acres was approved on May 17 by the Prince Georges County Commissioners.

The new town house, or R-T zone, provides for "suitable sites for town houses that will more fully and efficiently utilize available public utilities and services." It provides for at least 3,500 square feet of land area per town house and no more than 10 town houses per acre. Not more than 35 percent of the overall net area of the parcel or tract shall be occupied by town houses.

A site plan approval is required "to avoid the monotony of development of rows of similarly designated attached dwellings commonly called row houses," and all utility lines within a town house development must be placed underground.

Basic height limitation for town houses will be 2½ stories and 35 feet. These figures may be raised to three stories and 40 feet if front and side-yard depth also are increased.

Within the new classification, the commissioners are given authority to reclassify tracts larger than five acres in the R-T zone in cases where the Planning Board has recommended such zoning as being in conformity with the proposed or adopted general plan of development.

Previously, the county had no town-house zoning category. Although some developers have been advertising town houses, these actually are within the R-30 zoning classification, officials said.

Reflector Tapes Applied Free to Bikes Saturday

The Veterans of Foreign Wars, in cooperation with the National Safety Council, are promoting a Lite-A-Bike program using reflectorized tape. When the tape is properly applied, the bicycle can be seen from the front, side, or rear at night and from as far away as 1500 feet. The Woama Camp Fire Girls will apply the tape to your bikes if you will bring them to the Center Saturday, June 11, at 10 A.M. There is no charge for this service. For information, call 474-6923.

Catholic Club Swim Party

The Catholic Club of Greenbelt is sponsoring a swim party at Lake Fairfax on Sunday, June 12. Cars will leave St. Hugh's School at 12 noon and will return at 8 p.m. For more information call Ed Reed. (345-8529).

complaint was filed two months ago when Bresler allegedly violated the August 1962 covenants restricting the density of the 50-acre Charlestowne Village tract to 7 units per acre. Bresler filed such a covenant in the land records of Prince Georges County in exchange for city support in getting the land rezoned for apartment development (R-18) from its then rural-planned-community status. Two years later on June 2, 1964, Bresler unilaterally declared the covenants inoperative in a document filed with the courts.

A bill of complaint for specific performance has also been instituted by the city against Bresler for his failure to deed to the city 3.33 acres of the Charlestowne tract to serve as public parkland. The deed of the land was promised within two years of the agreement recorded in August 1962.

The city's decision to institute legal proceedings followed disclosures that Bresler had secured a permit on December 30, 1965, for the construction of an 8-story apartment building on part of the land. This action violates the covenants in which Bresler also agreed to keep construction in conformity with R-30 zoning—a category which prohibits high-rise apartments. Further, construction of such a building would make it impossible for the 3.33 acres to be dedicated without making the number of units on the remaining land in excess of those allowed by the zoning requirements.

The city also resorted to legal action early in the construction of Boxwood Village because drainage problems in the development caused damages in the Lakewood subdivision. In addition, an agreement to give the city open space in Boxwood has not as yet been consummated. In other action, the city is in the process of condemning parcel 11, owned by Bresler, for parkland, as approved overwhelmingly by the Greenbelt electorate at the last election to purchase this and adjoining acreage adjacent to Greenbelt Lake. In April, Bresler filed a zoning petition for a special exception to construct a private hospital on parcel 11.

Reportedly, a number of homeowners, both in the Lakecrest and Boxwood developments, have started legal proceedings against Bresler for failure to make construction corrections in accordance with county standards.

Bresler is the landowner involved in the senior high school controversy. Last year he attempted to get the city council to support apartment zoning for his remaining vacant land in exchange for agreeing to the placing of a senior high school on Parcel 15, the site designated in the adopted Greenbelt Master Plan and the Maryland National Capital Parks and Planning Commission. This was the originally approved site of the Board of Education. When the city refused, Bresler then suggested that the Board of Education accept an alternative site which the city considered unacceptable from the standpoint of traffic accessibility, pedestrian safety and scenic location.

Weekly Says Greenbelt Has Lost Its Greenery

The June 18 issue of the Saturday Evening Post features a 12-page article "The Rape of the Land." Its subtitle runs "As our cities spread out cancerously in all directions we are destroying - for profit - too many of the green and open places we need to make life livable", and among other things it contains the following items:

In Maryland, the town of Greenbelt no longer has its belt of greenery. During the Depression the Federal Government created three such "greenbelt" communities to act as models. But in the early 1950's the Government sold all the Greenbelt space to private developers, and now the Maryland "model" has lost 70 percent of its green acreage to apartments and shopping centers, with more losses planned.

In Wisconsin, the second model greenbelt town, Greendale, 10 miles from Milwaukee, has lost its greenbelt in the last 14 years. One thousand acres have already gone to residences, and there is a chance that the remainder may go, too.

In Ohio, the third model town, Greenhills, 15 miles from Cincinnati, is fighting in the courts to keep green what remains of its greenbelt. Two thirds of its original open space already is covered by real-estate developments.

Refutes Criticism

To the Editor:

In a recent issue of the News Review a distinguished citizen of our community expressed his concern and criticized GHI for its action in planning to build four free standing homes on GHI undeveloped land. I feel a full recital of the circumstances of GHI's actions are in order, not only to responsible persons like Mr. McDonald but to all other citizens who are apparently unfamiliar with the considerations which led to these plans and the care and deliberation with which this decision was made.

The program of building larger homes for GHI members is one of the several areas which GHI management and the Board has initiated in order to meet the long range needs of the membership. This program was considered for two important reasons. First, many member families with long residence in Greenbelt, many of whom had consistently rendered valuable service to the community, were leaving Greenbelt because GHI housing was no longer adequate to meet the needs of their growing families. Second, many families had grown in size so that their homes no longer met reasonable housing standards for their families. The income of these families made it impossible for them to find adequate housing at the costs required for homes on the open market.

Last year, the Board selected a committee of outstanding members to review and to recommend plans and policies to meet the long-range needs of GHI. In order to assist it in identifying the areas of interest of the membership, the committee conducted a survey of the entire membership. A significantly large number of members reported a strong interest in having GHI develop a program to construct larger homes.

In Harmony

Of major concern to the Board, however, was the principle that any construction program proposed be in harmony with other planning concepts approved by the membership and the community. Specifically in question was the overwhelming desire to preserve to the maximum extent the green areas of our community. The Corporation owns approximately 250 acres of land, of which about 50 acres are undeveloped. These 50 acres are being studied by our Land Use Committee as to their ultimate use, including the preservation of open green acres. Consistent with this objective, the Committee recommended, and the Board approved, the designation of parcels of land which are suitable for construction of additional

homes which will not conflict with the plan for desirable open spaces.

Accordingly, at a special membership meeting on August 4, 1965, the following resolution was presented and a referendum of the entire GHI membership was held:

Resolution

RESOLVED: That the Board of Directors be authorized to build four and five bedroom, basement homes on the four single lots located respectively, two on Northway, one on Woodland Way and one on Hillside Road, and four and five bedroom, basement, row homes or duplex homes on the three acre plot across from the North End School; to utilize reserve funds or working capital to finance construction; upon completion of construction, to obtain long-term housing mortgages separate from the mortgage involving GHI and its members; to sell such homes under Mutual Ownership Contracts, including in such sale prices interest lost to members by use of such reserve funds or working capital, architectural fees, sales fees and such other charges as may be appropriate so that current members of GHI would bear no part of the cost of such construction; and to establish a priority listing for the sale of such homes which will take into account such criteria as membership in GHI, size of family, capacity to finance purchase and service to the Corporation.

This resolution was approved by a significant majority of the members of the Corporation.

I believe that GHI owes no apologies to the citizens of Greenbelt for this program. It was carefully and thoughtfully conceived not only to meet the needs of GHI members, but with full sympathetic concern to preserve open green areas in Greenbelt, where good community planning dictated such action. This we have done.

I believe that it is not correct to characterize this program as resulting in the "crowding of housing." It is inconceivable that it be judged to be inconsistent "with GHI's policy and efforts of trying to prevent the zoning and development of high density building on any land in the Greenbelt area."

We would welcome and support the efforts of any and all private real estate developers in this area, if they were to exercise the same concern and care as GHI in their building plans to provide for the preservation of desirable open green spaces, engage in low density construction, and to conform not only to the specifics of the Greenbelt Master Plan but to its spirit.

Nat Shinderman, Chairman, GHI Committee for Larger Homes

Legion Declines Debate

To the Editor:

In your March 17, issue an ad sponsored by the American Legion, Post No. 136 called for the reader to "support our boys in Vietnam." No substantive reasons were given why the people of Greenbelt should give up their sons and husbands and standard of living in support of the Vietnamese War. Instead the appeal implied "patriotic duty"—those who had patriotically served in past conflicts (the American Legion) were supporting the war, and therefore so too should the people of Greenbelt.

In response to the Legion ad, the Greenbelt Committee for Peace in Vietnam placed an ad 2 weeks later pointing out the fallacy of making the issue one of supporting the U.S. fighting men in Vietnam, and correctly placing the issue as whether they should be there. The text of this ad gave several reasons why the U.S. armed forces should not be in Vietnam.

The Greenbelt Committee For Peace in Vietnam, felt that the people of Greenbelt were entitled to an airing of differences. On March 31, a letter was sent to the American Legion Post 136 inviting their participation in a public debate. Three weeks and two phone calls later, Post 136 declined the invitation. The result is that the people of Greenbelt will not have the opportunity to hear why the American Legion supports the Vietnam war.

From this refusal of American Legion Post No. 136 to publicly explain and defend its position we can only conclude that its reasons for supporting the War will not stand examination. It appears that Post No. 136 is fulfilling the traditional role of the American Legion; that of equating patriotism to blind subservience to U. S. Government policies, however aggressive and criminal they might be.

Wayne Horman
Acting Chairman
Greenbelt Committee For Peace In Vietnam

Thanks

To the Editor:

My sincere thanks to those of you who voted for me for director of GHI in the recent election. Your support is not only a source of personal satisfaction but an affirmation of the efforts of the past Board.

It has been a rewarding experience for me to work with such able and dedicated people as those who have served on the past Board and on the various committees. Your endorsement of their efforts encourages us to proceed vigorously with our programs for the improvement of GHI and services to the membership.

Nat Shinderman

Thanks

To the Editor:

I wish to thank my friends and neighbors for their expressions of kindness during my recent illness.

Lil Schwimer

Library Reading Program

Thousands of youngsters in Prince Georges County are going to receive a boost in their reading ability this summer thanks to a program sponsored annually by Prince Georges County Memorial Library. The Summer Reading Program encourages children to read widely and develop their individual tastes by providing "reading wheels" on which the librarian and the child record titles and authors of books they have read. Each child has a special Book Log, the size of a miniature book, in which he can record up to 32 titles and authors, with space to comment about each book if he cares to. The librarian also keeps a record for each child, which is turned over to the school principals or teachers in the fall. Thus, the summer reading becomes part of the child's permanent record. The book logs and the reading wheels will be at all 13 branches including the large Hyattsville Library on Adelphi Road. All children are welcome.

Center Sch. Receives Award for American Heritage Hall

On behalf of the Center School faculty and student body, principal Ferd Cardano received a bronze medal from the Freedoms Foundation at Valley Forge for the Heritage Hall display which is a permanent exhibit in the main corridor of the school. The award, known as the George Washington Honor Medal Award in the school category, was presented at an early-morning ceremony on May 3 in Washington, D.C. Center School was the only elementary school in the state of Maryland to receive such an award.

Carroll L. Henson

Carroll L. Henson, 43, 19-H Ridge, died suddenly of a heart attack on Saturday, May 4. His untimely death grieves his many friends in the community, where he was a long-time citizen, an active participant in the Community Church, a popular member of the staff of Greenbelt Homes, and an ardent fisherman and outdoorsman.

Henson was a veteran of World War II and fought in the European theater. In 1949 he brought his wife Rayetta and small daughter Bonnie to Greenbelt; his son Jay was born here. A federal employee in old Greenbelt, he transferred to GHI at the time of the sale of the community, and has served since then in the maintenance department as electrician. He won the respect and affection of corporation members by his ability, courtesy, and kindness.

The funeral was held in Hyattsville on Wednesday, with burial in Hagerstown, Maryland, the place of his birth, where his parents and other relatives still reside.

The Police Blotter

The Police Department has started a two week training course for new officers and clerks, June 6 - 17. Chief Lane hopes to be able to initiate an advanced training course open to officers from local jurisdictions.

Sherman D. Willey has been hired as an officer. Willey, age 30, comes from Salisbury, Md., where he held the position of police officer for one year. Prior to this he spent almost ten years in the US Marines. He is married and has one child. The family will soon be looking for a place to live in Greenbelt.

May Statistics

The following statistics on arrests and warnings give some indication of the activities of our local police force: traffic arrests: 42, warnings issued: 123, juvenile contacts: 17, and criminal arrests: 28. The police investigated 20 accidents.

Officer John Krob recovered a 1966 Mustang stolen from Palmer Ford, before it had been missed. He found it in the alley behind the Beltway Plaza Drug Fair while he was on routine patrol.

4-H LITTLE LEAVES

by L. Pisano

At our special meeting of the 4-H Little Leaves group Louise Berman told of her experiences with her dog, Susie, in the training unit. She placed 3 times. Demonstrations were given by all members, L. McFarland, L. Pisano, M. Fitzgerald, L. Berman, J. Izzo.

Woody's Flying A Service Station has reported the theft of several tires and wheels, all 14" in diameter.

An officer patrolling Boxwood Village found a young man removing sand from a construction site. He was released with a warning. Chief Lane wants to remind residents that material left lying around a construction site is private property, and taking it constitutes theft.

An increasing number of thefts from Kleins lot are being reported chiefly hub caps and tires. The police suggest that car owners jot down the serial number of their tires, scratching some identifying marks inside the hub caps, and

mark tires with indelible ink. They also urge drivers to lock their cars.

Hufendick - Stevenson Greenbelt Recreation Director Marries

Jacqueline Sue Hufendick of the Greenbelt Recreation Department, and Richard C. Stevenson, the city's Recreation Director, were married on Sunday, June 5 at the Greenbelt Community Church in a double-ring ceremony. The Rev. Kenneth B. Wyatt, pastor of the Community Church officiated. George Townsend, the flute soloist, was accompanied by the Church Organist, Clarence Shaw, who also played selections by Dubois, Handel, and Bach. The wedding party included: Mrs. Sondra Stripling, matron of honor; Laura Stripling, flower girl; Steven Hufendick, ring bearer; Bill Edwards, best man; and Michael Stripling and Ronald Hufendick, ushers.

A reception was held in the social hall of the church, where the reception line included the bride's parents, Mr. and Mrs. Harold Hufendick, 15 Greendale Place, and the groom's mother, Mrs. Miriam Raines of College Park. The couple will honeymoon in Florida, New Orleans, and Mexico.

Stevenson will resign from his post as Director of Recreation in August, and begin graduate study at the University of Georgia. The couple are both graduates of the University of Maryland. They will reside in Athens, Ga.

Point of View by Dorothy Sucher

The Masculine Mystique
The Coffeecup Colloquium will be meeting at the wading pool until further notice. All scholarly ladies are invited to join the summer semester, which will be devoted to analyzing "The Boy" and "The Husband."

The Boy. Our study of the Boy will consider such questions as:

—Why does he zip himself into quilt covers?

—Why does he saunter home bareheaded from school when it's raining, carrying his basketball in his rainhat?

—When you've wrapped potato peelings in it Thursday, why does he ask you on Friday for Tuesday's Sports Section?

—Why does he want you to list the Ten All-Time Greats of Baseball?

—Why can't he find his belt in the morning when he has always left it in yesterday's pants, which he has stuffed into the hamper?

The Husband. A stimulating introduction to a challenging subject, which poses the questions:

—Why does he fill the tall shelves of the refrigerator with oranges and butter dishes so that he must lay milk bottles on the short shelves?

—How is he able to hoard, in places where he can lay hands on them instantly, all his stained neckties and worn-out wallets, when he can never remember where he put his car keys?

—Why does he keep maps of Utah and the New York subway

Greenbelt Film Premiere

The film, *Teaching for Tomorrow*, which was made by the Goddard Space Flight Center at the Center School, using Center School students as the principal actors, will have its first Greenbelt showing on Tuesday, June 14, at 7 p.m. in the Center School Auditorium. Three members of the Greenbelt Fire Department also appear in the action. Admission is free and everyone is invited.

system in the car, and maps of suburban Washington on his desk?
—Why does he leave the baby's diaper on the lid of the diaper pail, never inside it?

—When you ask him to pick up a lettuce, why does he bring home a cabbage?

* * *
This list is far from exhaustive, and participants should feel free to suggest questions of their own to the Colloquium. It will be a great day for scholarship when even one of them is answered.

Jr. Teen Club

This Saturday, June 11, the schedule of Teen Club activities will be posted on the front window of the Youth Center. Next Saturday, June 18, Lawrence and the Arabians will play in the Youth Center from 8 to 11 p.m. This will be their last appearance in Prince Georges County, as they will be leaving for New York on a tour with Dee Dee Sharp. Admission will be \$1.00 for members and \$1.50 for non-members. School clothes will be required.

Recreation Review

by Richard Stevenson
Director of Recreation

Bowlers

All young people interested in joining the Summer Bowling League are asked to call the Recreation Department, 474-6878. The season will begin on Wednesday, June 22. If bus transportation is needed, notify the department.

Swimming Pool Hours

Tomorrow, Friday, June 10, and Monday, June 13, the pool will open at 4 p.m. This week-end and after Monday the pool will open at 1 p.m. and remain open until 8:30 p.m.

Pony-Tail League

To all girls who signed up for the Pony-Tail League—teams are now being formed. Your coach will contact you within the next week and tell you what team you are on and when practice will be held.

Swimming Team

Registration and practice for members of the swim team will be held at the pool on Saturday, June 11, at 10 a.m.

Men's Slow-Pitch

Double-headers are being played every Monday through Thursday nights beginning at 7 p.m. at Braden Field.

Summer High School

Summer High School will be held for secondary school pupils from Monday, June 27, through Friday, August 12. Pupils desiring to participate in the program may register for classes between 9 a.m. and 2 p.m. on Tuesday and Wednesday, June 21 and 22, at the centers they plan to attend.

Classes will be held at thirty-three centers, including Bladensburg Junior, Bladensburg Senior, Bowie, High Point, Greenbelt Junior and DuVal.

The Summer High School Program offers an opportunity to those pupils who (1) have failed and wish to make up subjects, (2) have passed with low grades and wish to improve their records, (3) have need for advanced study, and (4) are transferees and need credit to meet Maryland requirements.

Weights Needed

The organization of a Weight-Lifting Program is now under way, but weights are needed. If you have some that are not in use, may we borrow them? It would be appreciated. A room will be made available at the Youth Center in the morning, afternoon, and evening for those who wish to lift.

PRINTER FOR THE SMALL BUSINESSMAN

Our Neighbors

Elaine Skolnik—474-6060

Sorry to hear that Paul McDaniel is in Sibley Hospital. McDaniel is manager of the Greenbelt Theatre. Alexis Esther Pogorelskin, daughter of Mr. and Mrs. Milton Pogorelskin, 9-G Ridge, received the A. B. degree from Bryn Mawr College. She graduated Magna Cum Laude, and has been awarded a Fellowship by the Woodrow Wilson National Fellowship Foundation.

Cadet James G. Wilson, son of Mr. and Mrs. Gleason W. Wilson, 100 Lynbrook, will attend Reserve Officer Training Corps summer camp at Indiantown Gap, Pa. Wilson is a student of the Virginia Military Institute, Lexington.

Greenbelters were saddened to learn of the death of Carroll Henson, 19-H Ridge. Our deepest sympathy to his wife, Rayetta and children.

Best wishes for a happy birthday to Larry Shabe, 1-C Northway, who will be 11 years old June 10.

Four Greenbelters were among those passing the Maryland Bar examination this year. Congratulations to Richard Frederick Bondareff, Bernard James Fritz, Norbert Mandell Lustine, and Harvey Jay Rothberg.

Imogene Haber of 1-G Westway is among this year's graduates of the University of Maryland, summa cum laude, and third in the Physical Education class, with straight A's in her final semester. She will teach at Greenbelt Junior High School.

Other Greenbelt graduates: Robert L. Beadles, of 434 Ridge Road, received a Masters of Science degree in Electrical Engineering from the University of Pittsburgh; Richard Lines a B.S. degree in Civil Engineering; and Lewis Oring a Ph. D. from the University of Oklahoma.

Nat Shinderman and Fran Sanders, playing .667 bridge, had a relatively easy time winning last Friday's duplicate bridge session. In second place were Claire and Sam Jacobs with a .611 game. Next game: Friday, June 10.

Linda White and Ruth Chasnow were among the cheerleaders selected for 1966-67 at High Point.

Reba Schwimer and Debbie Wagner will be on the Pom Pom squad during the next school season at High Point. Reba was elected historian for the up-coming senior group while former Greenbelt Cathy Chotiner will hold the office of president.

The very best of luck to the G. K. Hodenfields, 19-E Ridge, who are moving to Indiana where "Hod" will be on the staff of the University of Indiana. "Hod," an educational writer for the Associated Press, was a valuable member of the News Review team and we shall miss him very much. "Hod" is already on the job in Bloomington and Janet and the boys will join him shortly.

Dr. and Mrs. George Smerk, 132 Northway, will be saying farewell to Greenbelt. They, too, will soon depart for the University of Indiana campus, where Dr. Smerk will teach. We wish them much happiness in their new home.

Little Robin Corbin spoke for all Greenbelters when she said on Monday "I don't want you to leave, Richy." Our Recreation Director, Richard Stevenson will be leaving his post in August for the University of Georgia, where he will study for a Masters Degree in Parks Administration.

Stevenson will also be engaged in research for the State Institute of Community and Area Research, his first project being a study of all the recreational facilities in Georgia. The recreation department will, at the same time, lose the services of versatile Jackie Hufendick, who became Mrs. Stevenson. We wish Richy and Jackie success and happiness and know that they will both make outstanding contributions in their chosen fields.

A clear sky, sparkling waters and spic-and-span facilities made Monday's poolside ceremonies perfect. Councilman Francis White served as master of ceremonies and Mayor Edgar Smith unveiled the

plaque which contained the words of John F. Kennedy, "The physical vigor of our citizens is one of America's precious resources." Smith highlighted Greenbelt's construction program during the past years—Youth Center, Fire Department, Municipal Building, renovation of the pool—and spoke of the City's present program of parkland acquisition. Rounding out the noon-day program were some lilting melodies played by the Greenbelt Junior High band under the direction of Mr. Troy; a very interesting tour of the filter room, conducted by Duff Marquardt, new pool manager; tributes to Councilman Dick Pilski, who was in charge of the Memorial Day Services, and to the hard-working pool staff and public works department for the excellent care of our facilities. Returning to their jobs at the pool this year, in addition to "Duff" are Dennis Sisco, who will serve as assistant manager, guard Tommy Fink and Mary Barcus.

Thomas G. Lammons, 2-P Laurel, received his Bachelor of Science degree in chemistry from Millsaps College.

Cheryl Champion, 11-D Ridge, is the new president of the Future Homemakers of America at Greenbelt Junior High.

Congratulations to Mr. and Mrs. Charles H. Jones, 410 Ridge, who celebrated their 69th wedding anniversary. They were married in 1897 in St. Joseph's Church, Ammendale, Maryland. Mr. Jones, a retired G. H. I. employee, 89 years young, was raised in Beltsville, and Mrs. Jones 85, years young, was born in a big, beautiful home that was once located on Greenbelt Lake. In fact the Jones' apartment at Lakeside North is located over land they once owned. The Joneses, who were feted at the Fireside, have five surviving children, 23 grandchildren and 45-great-grandchildren. Daughter and son-in-law, Mr. and Mrs. James Carneal, reside with them.

Happy-birthday to June Goldstein, 6-Y Plateau, who was five years old on June 1.

Get well wishes to Arthur Wetter, 9 Ridge.

Dr. and Mrs. Keith Burrows, Christopher, 9, and Sophie, 5, recently returned from a trip to the West Coast. They were very favorably impressed with the attractions in the U. S.—Mesa Verde, the Grand Canyon, Organ Pipe Cactus, National Monument, Monument Valley, Yosemite, Disneyland, and San Francisco.

The Burrows, who are here from Yorkshire, England, have been residing at Charlestown Village for about a year and a half. Dr. Burrows is on a tour of duty as a physicist with NASA.

Thirty-six Center School fifth graders enjoyed a week at Camp Letts, Edgewater, Maryland. Pupils from eight elementary schools participated in the spring session of the Outdoor Education Program, which was coordinated by Greenbelt Thomas Paskalides, Supervisor of Elementary Schools who served as director, and by William Laslo, Helping Teacher in Science, as the assistant director. The program included weather study, mapping and orienteering, nature crafts, camp crafts, stalking and observing, water safety, shoreline ecology, and insect study. The staff for the program included Stape Shields; the members of the resource staff, Ferd Cardano, principal Center School, teachers Mary Jane and James Mitchell and Mrs. Margaret Loftus. Mrs. Ann Paskalides fifth grade teacher and Mr. Charles Van Horn, sixth grade teacher accompanied the group.

Tara McCloskey, 11, a sixth grade pupil at St. Hugh's won third prize in a poster contest sponsored by the Catholic Daughters of Maryland. She received a \$5.00 cash award.

Methodist Vacation School

Mowatt Memorial Methodist Church, 40 Ridge Road, has scheduled its Summer Church School for one week, June 20-24, from 9 to 11:30 a.m. Children may be registered for the school on Sundays, or Monday morning, June 20.

SWIM TEAM NEWS

An additional Swim Team registration period has been scheduled at 10 a.m. Saturday, June 11, for potential competitors who wish to join the Greenbelt Team: 1965 PrinceMont League Northern Division Champions. There will be a short work-out after registration and the team will be measured for their swim jackets. The repeat opportunity stems from the Recreation Department's specific desire to welcome new citizens under 18 years old from the Boxwood, Charlestown Village, Lake Side North, Lakewood, and Springhill Lake areas to our swimming program. Membership at the Greenbelt Municipal Swimming Pool is not required. Non-resident Swim Team candidates must be members of the Municipal Swimming Pool.

Last year's coach, Duff Marquardt, has announced that his new duties as Pool Manager will preclude coaching responsibilities. The Recreation Department and the Council are attempting to obtain qualified coaching services commensurate with the Team's established record.

The meet schedule for the 1966 summer season includes two powerful contenders from last year and two new rivals: Rock Creek, Summit Hill, Andrews AFB, and Oxon Hill. Greenbelt, 1965 Northern Division Champions, will meet Oxon Hill, 1965 Southern Division Champions, who recently extended their pool to the standard 50 meter official outdoor length. A petition is being considered by some to reschedule Greenbelt so that competition will be less intense as last year's experience with Rock Creek and Summit Hill may have been too close for comfort. Others feel that increased participation in the form of more swim team candidates could provide a better base for competition. Many believe that the final answer rests with the youthful swimmers of Greenbelt.

Bake Sale to Aid Sick Girl

The Woama Camp Fire Girls will hold a bake sale Saturday, June 11, at 10 a.m. in the Center. Proceeds of the sale will go towards hospital expenses for a Blue Bird girl from Prince Georges County who was badly burned last March and is still hospitalized.

Hahn-Reuben

Mr. and Mrs. Fred J. Hahn, 118 Northway, announce the engagement of their daughter Carol Jean to Daniel Paul Reuben, son of Mr. and Mrs. Isidore Reuben, 5-J Ridge. An August wedding is planned.

Board of Education of Prince George's County

William S. Schmidt, Superintendent

ANNOUNCEMENT

Registration for Kindergarten

The Board of Education announces that registration for kindergarten for the 1966-1967 school year will be held on Friday, June 10, from 9:00 a.m. to 3:00 p.m. in only those elementary schools listed below.

Parents are urged to register their children only at the elementary school in their area. If parents are in doubt as to the school, telephone 627-4800, extension 295, for this information.

Parents who are registering their child in kindergarten should bring the child's birth certificate as proof of age. Children entering the kindergarten must be five year old by January 1, 1967. Verification of the child's smallpox vaccination and diphtheria immunization must be presented to the school on or before the opening of school on Tuesday, September 6.

The tuition cost per child is \$75 per year, payable in five installments of \$15 each. The first installment of \$15 is payable at the time of registration on June 10. The remaining four installments are payable on October 1, November 1, February 1, and March 1. The initial payment of \$15 which must be made at the time of registration on June 10 will be refunded if any parent wishes to withdraw the child during the summer. Enrollment is limited to 25 children in each class.

Those Magnificent Men in Their Flying Machines

Speaking Sternly . . . by David Stern

Uncle Mulch's Gardening Column

Dear Uncle

When spring finally arrived in our garden there suddenly appeared hundreds of cute little flowers all over our front lawn. I can scarcely describe the uplift they gave to our garden's appearance! Whats more, when they have finished blooming they turn into the prettiest puffballs you ever saw. Could you tell me more about cultivating these flowers?

Greenhorn

Dear Greenhorn,

Apart from the aesthetic benefits of those little flowers, so well described in your letter it is also great fun to blow their puffballs apart. Doing this all over your front lawn will assure you of an ample supply of cute yellow flowers for many years to come. Judging by your letter, your lawn's appearance can indeed do with a lot of uplifting.

Uncle Mulch

Dear Uncle,

Following the rains we had in April the back yard of our new home turned into a soggy bog. What do you recommend?

Harry Homeowner

Dear Harry,

Sell quickly before the drought ends. Otherwise you'll have a real problem.

Uncle Mulch

Dear Uncle,

On the advice of an expert gardener friend I started root-feeding the trees in our yard. I have used several bagfuls of fertilizer but am not sure that it has any effect on the trees. How do I find out?

Arboreal

Dear Arboreal,

When root-feeding is effective, your trees should be producing much more foliage. Wait until fall. If you find that you have to rake up three times or more of the usual amount of dead leaves, then you have achieved your aim. What is your aim, anyway?

Uncle Mulch

Dear Uncle,

While cutting the grass with my electric lawnmower I inadvertently ran over and slashed through my garden hose. Is there any way to fix it?

Clipper

Dear Clipper,

Electric lawnmower?! You better forget about that hose. Go at once to the nearest dealer and trade in your lawnmower for a gasoline-powered cordless model. Mowing over your power cord can be a shocking experience.

Uncle Mulch

Dear Uncle

A friend once told me that chickweed is edible. Is this correct? What is the best way to grow it in my vegetable garden?

Vegetarian

Dear Vegetarian

Yes, your friend is right. Cows, horses and sheep like chickweed very much. Humans, except for some very young ones usually prefer different food. Avoid growing chickweed in your garden if you have a choice in the matter.

Uncle Mulch

LITTLE LEAGUERS

by Jerry Shafer

Tragedy struck Little League recently. Minor League Director Don Evans was the victim of a heart attack. He is in Prince Georges County Hospital. It looks as though he will be there for three or four weeks at least. This will give the managers of the Minor Leagues the task of operating without a director for a while. So let's all pitch in and help them keep this fine program going.

Greenbelt Man to Seek Nomination for Congress

Russell H. Viau, 444 Ridge, has declared that he will seek Republican nomination for Maryland's Fifth Congressional District. The announcement was made at a meeting of the party's State Central Committee in Hyattsville.

Viau, who is active in several fraternal and education organizations, holds a B.A. in Government and Master of Education degrees from the American University. This is his first try for public office.

High Point Graduates 735

High Point High School's graduation exercises will take place in the Cole Field House, University of Maryland, on Tuesday, June 14 at 2 p.m. Approximately 735 seniors will receive diplomas. Lynn B. Elmore, Board of Education member, will be among the platform guests.

Junior Highlights

Next years' student council officers, elected on May 24 after a very spirited election are the following:

President, Janet Alcorn; Vice-President, Mimi Schrader; Secretary, Debbie Nelson; Treasurer, Laura Linton.

Cardano Appointed Head of Teachers' Association

Ferdinand Cardano, principal of Greenbelt Center School, assumed duties as president of the County Teachers Association this month.

As president of the Association and the Board of Directors, he will lead the 4800 members of the teaching profession in the County for the next year. He will be responsible for developing the program of the Association, negotiating with the Supt. of Schools and the Board of Education, formulating educational legislation beneficial to the county, and working closely with the County Commissioners, among others.

He is married, has four children in the public school system, and lives in Cheverly. This year Center School was awarded the Freedom Foundation Award which is the Valley Forge George Washington Honor Medal.

J.C.C. Nursery School

The Nursery School of the Jewish Community Center of Prince Georges County located at Ridge and Westway is accepting registrations for September 1966. Parents of three and four year olds may call for applications at 474-1762 or 474-8733. Applications should be returned by June 30. The school is professionally staffed with a head teacher and an associate teacher for each class. Enrollment will be limited to 16 children per class.

JCC NEWS

The Jewish Community Center will hold a Bingo night with prizes and jack-pot on Saturday, June 11, from 8 to 11 p.m.

A general membership meeting of the JCC and the Women's group will be held on Sunday, June 12, at 7:30 p.m. Thomas H. Heiman, popular performer of concerts in the Washington area, who has appeared with Arena Stage, Washington Theatre Club, and Theatre Lobby, will present "Another Evening in Song." With travel experience ranging from living on a Kibbutz in Israel to a years study in Denmark, Heiman presents songs in a wide range of languages and subjects with guitar accompaniment.

College Week for Women

Have you a mad desire to get away from marketing, cooking and dish washing? Do you want to do something different and broaden yourself as a person?

You can! Be a student for a week. Enjoy a vacation with an education.

Come to the University of Maryland's College Week for Women, June 13-17 at the College Park campus, sponsored by the Extension home economics department.
